

WHY SHOULD YOU BE INTERESTED?

1. You would be honoring the memory of those forefathers who helped set the pattern for our great American democracy.
2. You would enter into the fellowship of people who share a common history and ancestry in the passengers of the Mayflower.
3. By joining the Society of Mayflower Descendants, your genealogical records would be filed in a secure place for posterity.
4. Having your records on file with the Society, it would be much easier for your descendants to establish their genealogical lines. It would be a gift to your descendants to do this for them now. Make your family heritage available to them.
5. Through the programs of the Society, history can be made to come alive for you and your family.
6. This is an era of mobility. If you should move to a new locality, your membership can be transferred. This would enable you to meet new people with common interests and more quickly and easily, and thus, become better acquainted in your new home. It could be your own Welcome Wagon so to speak.
7. As a member, you would receive the *Mayflower Quarterly*, which provides up-to-date information on new discoveries in family lineage and Pilgrim history.
8. You would also receive the Arkansas Pilgrim, which keeps the members informed about Society meetings, news of other members in the State, and interesting facts about the Pilgrims, their lives and times.

THE SOCIETY OF MAYFLOWER DESCENDANTS IN THE STATE OF ARKANSAS

- * Promoting the memory of our Pilgrim forefathers
- * Maintaining the democratic principles of civil and religious liberty as set forth in the Mayflower Compact
- * Protecting and defending the ideals and institutions of American freedom.

THE SOCIETY OF MAYFLOWER DESCENDANTS IN THE STATE OF ARKANSAS

Member of the
General Society of Mayflower Descendants
Plymouth, Massachusetts

THE PILGRIMS

Most people know the story of the Mayflower, which set sail in 1620 for the New England coast of America. It carried 102 passengers of English origin. Most of the passengers were Pilgrims who were seeking a new home, which would be free from religious persecution, yet one in which they could retain their English identity. The remainder of those on board were seeking the betterment of their personal situation and financial gain.

THE MAYFLOWER COMPACT

After a difficult voyage in November 1620, the Mayflower anchored at Cape Cod, north of the limits of the Virginia Colony, and beyond any organized law. Some form of government was necessary. Differences of opinion had already arisen between the groups on the voyage.

Therefore, on November 21, 1620, in the “Great Cabin” aboard the Mayflower, forty-one male passengers composed a written document, which was a vow, a pledge, a word of honor that all who signed it—as well as their families—promised to abide by its proclamation. This document has come to be known as the **Mayflower Compact**.

John Quincy Adams described the Mayflower Compact as “*the first example in modern times of a social compact or system of government instituted by voluntary agreement conformable to the laws of nature, by men of equal rights and about to establish their community in a new country.*”

The settlers lived up to the Compact they signed, and the Compact remained as the Constitution of the Colony until Plymouth was merged into the Massachusetts Bay Colony in 1692

THE MAYFLOWER DESCENDANTS

In remembering those **founders of democracy**, the descendants of the Pilgrims have formed a Society for the purpose of promoting the memory of their Pilgrim fathers, and to protect and defend the ideals and institutions of democratic government.

HOW TO PROVE YOUR LINEAGE

The most difficult part of anything is getting started. It will be easier in the beginning to start with yourself and work back through the generations.

Keep in mind that you are interested in four key items: names, dates (birth, marriage, death), and relationships. You must be able to **prove** the link between parent and child in the blood line from a Mayflower passenger. Set up a simple form to follow as you work your way through the generations. It should follow the example below.

HOW TO PROVE YOUR LINEAGE

1. Your full name born at your birth place on your birth date, married at your marriage place on your marriage date to your spouse's name born at spouse's birth place on spouse's birthdate. Died at spouse's death place on spouse's death date.
2. Son/daughter of father's name born at father's birth place on father's birth date, died at father's death place on father's death date, married at parent's marriage place on parent's marriage date to mother's maiden name at mother's birth place on mother's birth date, died at mother's death place

Repeat the form for each generation back to the Mayflower passenger.

DOCUMENTING YOUR FACTS

Remember as you work through your family lineage that you must document each statement for each generation.

You should begin collecting photocopies of all of the source materials which prove the validity of each statement.

Do not cut corners in an effort to speed the process. The more sources you can provide, the stronger your proof will be. Any extra documentation you have may serve as supplementary proof for a given statement.

SOURCE MATERIALS

Your documentation should consist of primary source material such as the following:

1. Certificates of Birth, Marriage & Death
2. Church Records
3. Bible Records the provide relationships
4. Marriage Bonds & Licenses
5. Deeds
6. Probate Records, Guardianships, or Orphan Court Records
7. Military & Pension Records
8. Cemetery & Morticians Records
9. Contemporary Family Letters or Diaries

Secondary source material should be approached **only** after Primary Documentation has been sought and not found.
